The basic 28-hour mediation training focuses on an understanding of the mediation process, communication skills, problem-solving skills, agreement writing, and mediation ethics. Mediation skills are taught in a highly interactive format through short lecture, group discussion, focused exercises, and coached role-play. The workshop is designed to prepare the participant for mediation in civil cases. In addition, this intense four-day experience is designed to hone life skills that can enhance the participant's ability to interact effectively with others. The workshop meets general mediation training requirements for registration with the Georgia Office of Dispute Resolution (GODR). In addition, the workshop is approved for Court.

The 12 hour practicum will build upon the skills introduced during the General Civil Mediation Training. It provides an opportunity for you to observe, reflect on, and discuss the practice of mediation. The Practicum may be taken in lieu of 5 real case observations in mediation for the Georgia Office of Dispute Resolution registration purposes.
